

# Access™

## STANDARD

The Standard Access™ table is the foundation product for the entire Access table range and is a design that has been well proven over the last 18 years. The unique contoured top design, pioneered by Athlegen, is enhanced with standard features such as an extremely comfortable adjustable head support system, and an adjustable length foot section. The standard Access has been the choice of many professional bodywork therapists and is an extremely well proven product.

Note: The Std Access can be purchased with straight sides

### features

- Electric power height adjustment system is driven by a commercial grade linear actuator made in Germany, ensuring fast, reliable and vibration free performance.
- Adjustable length footrest now comes standard, allowing a much greater client body type treatment envelope.
- 8 pivot lifting arm mechanism, super strong, with self lubricating nylon bushes to ensure smooth and quiet operation.
- Triple layer upholstery construction features high quality, high density, Australian made foam rubbers and incorporates soft edge technology.
- High quality protective coated vinyl with oil resistant properties; durable with a soft and comfortable feel.
- Unique Access top design allows improved practitioner access during treatments while minimizing fatigue and discomfort.
- Removable prone arm rest
- Durable powder coated rust resistant frame.
- Heavy duty stainless steel footswitch
- Built to last with very low maintenance.
