

## Cardiology Table

Designed with special cut out for Cardiac Examination to allow the operator to get the patient perfectly positioned for 'Echo' style transducer techniques.

The LynX Cardiology Table offers a generous lifting capacity, electric operated backrest and removable cut out fill section allowing the table to be a full examination table when required.

The low minimum height allows for easy patient transfer while the maximum height can easily be adjusted reducing fatigue and back strain on the practitioner.

### Features

- Electric Height Adjustment with footswitch
- X-Frame Lift action minimises pinch and crush points
- Heavy duty individually lockable castors
- Durable powder coated rust resistant frame
- High quality anti-microbial vinyl & CFC free foam
- 5 year warranty on frame & electrics
- Australian designed & manufactured
