

GP3 Examination Table

Designed to comply with RACGP recommendations this electric HI-LO examination table fulfils the basic requirements of any practice

The low minimum height of 450mm allows for easy access for elderly or incapacitated patients while the maximum height can quickly be achieved within seconds.

The manually adjustable backrest enables a comfortable seated or semi-reclined position while the leg section can be manually adjusted between 30° positive tilt to 30° negative tilt allowing for a greater range of clinical assessments and treatments.

Features

- Electric Height Adjustment with footswitch
- X-Frame Scissor Lift action minimises pinch and crush points
- Independently Lockable Castors for full mobility
- Durable powder coated rust resistant frame
- High quality anti-microbial vinyl & CFC free foam
- 5 year warranty on frame & electrics
- Australian designed & manufactured
