

Three Section Treatment Table

Ideal for Physiotherapy, Massage, Osteopathy and Beauty Treatments.

Every Practice should have at least one heavy duty table allowing the safe lift of heavy patients reducing fatigue and back strain on the Practitioner.

The manual adjustable head section includes a nose hole and can be lowered allowing the prone patient to fully relax the neck muscles.

The manual adjustable leg rest can be raised enabling the table to turn into a chair for when you need your patients in a seated position.

Features

Electric height adjustment with handswitch

Column lift eliminating total crush points

Independently lockable castors

Durable powder coated rust resistant frame

High quality anti-microbial vinyl & CFC free foam

5 year warranty on frame & electrics
